

## **Gwalia Museum & Ghost Town – Casual Employment Vacancies**

Are you looking for a job where you're a part of a progressive team, rather than just an employee?

Do you want to take part in providing unique and memorable experiences to visitors to our community and region?

Is meeting new people and contributing to tourism and heritage activities something that appeals to you?

The Shire of Leonora currently have the following casual positions available at the Gwalia Historic and Museum Precinct:

**Hospitality and Housekeeping Assistant (Casual roles available)** – this role assists with promoting the precinct through maintaining the heritage listed buildings and grounds throughout the precinct, assistance with functions and events, Hoover House Bed & Breakfast, as well as through the café service at Hoover House. Potential candidate MUST be customer service focused.

### ***About Gwalia***

Gwalia, includes the historic miners' cottages, mine buildings and timber head-frame associated with the Sons of Gwalia gold mining operations from 1898 to 1963. It presents a snapshot of the way of life a century ago. Hoover House is a luxury Bed & Breakfast and function venue overlooking the tranquil green lawn with a view of the modern (still operational) open pit gold mine.

Through employment at Gwalia (an area which is identified as the most comprehensive historic miners' settlement in Western Australia and is State Heritage listed) you have the opportunity to be an integral part of enhancing this unique tourist attraction, promoting growth in visitor numbers, increasing visitors' length of stay and contributing to the economic growth and sustainability of Shire of Leonora and the WA Goldfields region.

Applications close at 4pm, Friday 7th of September, and are to be sent via email to [kim@economictransitions.com.au](mailto:kim@economictransitions.com.au)  
Individual must be available to work weekends and fill in for staff where needed.

For further information contact Kim Hewson on [0412 884 427](tel:0412884427)
