COUNCIL MEETING INFORMATION NOTES

1. Your Council generally handles all business at Ordinary or Special Council Meetings.
2. From time to time Council may form a Committee to examine subjects and then report to Council.
3. Generally, all meetings are open to the public; however, from time to time Council will be required to deal with personal, legal and other sensitive matters. On those occasions Council will generally close that part of the meeting to the public. Every endeavour will be made to do this at the last item of business of the meeting.
4. Public Question Time. It is a requirement of the Local Government Act 1995 to allow at least fifteen (15) minutes for public question time following the opening and announcements at the beginning of the meeting. Should there be a series of questions the period can be extended at the discretion of the Chairman.

Written notice of each question should be given to the Chief Executive Officer fifteen (15) minutes prior to the commencement of the meeting. A summary of each question and response is included in the Minutes.

When a question is not able to be answered at the Council Meeting a written answer will be provided after the necessary research has been carried out. Council staff will endeavour to provide the answer prior to the next meeting of Council.

5. **Councillors** may from time to time have a financial interest in a matter before Council. Councillors must declare an interest and the extent of the interest in the matter on the Agenda. However, the Councillor can request the meeting to declare the matter **trivial, insignificant** or **in common with a significant number of electors or ratepayers**. The Councillor must leave the meeting whilst the matter is discussed and cannot vote unless those present agree as above.

Members of staff, who have delegated authority from Council to act on certain matters, may from time to time have financial interest in a matter in the Agenda. The member of staff must declare that interest and generally the Chairman of the meeting will advise the Officer if he/she is to leave the meeting.

6. Agendas including an Information Bulletin are delivered to the Councillors within the requirements of the Local Government Act 1995, i.e. seventy-two (72) hours prior to the advertised commencement of the meeting. Whilst late items are generally not considered there is provision on the Agenda for items of an urgent nature to be considered.

Should an elector wish to have a matter placed on the Agenda the relevant information should be forwarded to the Chief Executive Officer in time to allow the matter to be fully researched by staff. An Agenda item including a recommendation will then be submitted to Council for consideration.

The Agenda closes the Wednesday week prior to the Council Meeting (i.e. six (6) days prior to the meeting).

The Information Bulletin produced as part of the Agenda includes items of interest and information, which does not require a decision of Council.

7. Agendas for Ordinary Meetings are available in the Leonora Shire office and Leonora library seventy-two (72) hours prior to the meeting and the public are invited to secure a copy.
8. Agenda items submitted to Council will include a recommendation for Council consideration. Electors should not interpret and/or act on the recommendation until after they have been considered by Council. Please note the Disclaimer in the Agenda (page 3).

11.1(A) NEW LOCAL LAW – MEETING PROCEDURES

SUBMISSION TO: Meeting of Council
Meeting Date: 16th November, 2021

SUBJECT: New Local Law – Meeting Procedures

LOCATION / ADDRESS: Shire of Leonora

NAME OF APPLICANT: Shire of Leonora

FILE REFERENCE: Local Laws 1.42

AUTHOR, DISCLOSURE OF ANY INTEREST AND DATE OF REPORT

NAME: James Gregory Epis

OFFICER: Chief Executive Officer

INTEREST DISCLOSURE: Nil

DATE: 25th October, 2021

At its meeting held on 21 July 1998, council resolved to adopt the (then) Model Local Law (Standing Orders) 1998 published in the *Government Gazette* on 3 April 1998 without modification, and gave notice of this in the Gazette on 28 July 1998.

Since then, there have been a number of changes to the Act and the associated *Local Government (Administration) Regulations 1996* to the extent that it will be easier to make a new local law than to amend the current one. Current practices comply with legislative requirements but the local law is out of date.

A draft new *Shire of Leonora Meeting Procedures Local Law* is attached. It is based on a version developed by the WA Local Government Association, modified to suit the Shire.

Note that it contains extensive references to the Act and Regulations. While this makes for a longer document, given the degree of matter regulated by these pieces of legislation placing as much as possible in one location may help to demystify what can be a confusing array of rules for councillors and the public. These notes and text boxes do not form part of the local law and will be deleted from the final version to be Gazetted.

The draft local law is divided into Parts, summarised as follows:

- Part 1 – Deals with preliminary matters such as definitions
- Part 2 – Relates to the establishment and membership of committees
- Part 3 – Calling and convening meetings
- Part 4 – Presiding Member and quorum
- Part 5 – The business of a meeting; in particular clause 5.2 sets out the order of business at meetings
- Part 6 – Public participation in meetings
- Part 7 – Questions by Members
- Part 8 – Conduct of Members
- Part 9 – Preserving order
- Part 10 – Debate of substantive motions
- Part 11 – Procedural motions
- Part 12 – Disclosure of interests
- Part 13 – Voting
- Part 14 – Minutes of meetings
- Part 15 – Adjournment of meeting
- Part 16 – Revoking or changing decisions
- Part 17 – Suspension of Local Laws
- Part 18 – Meetings of electors
- Part 19 – Enforcement

STATUTORY ENVIRONMENT

Local laws are made using the process set out in section 3.12(3) of the Local Government Act 1995. Amongst other things this requires a local government to give state-wide and local public notice stating that it proposes to make a local law, the purpose and effect of which is summarized in the notice for a period of 6 weeks after it first appears.

The purpose and effect of the draft local law is:

Purpose

The purpose of this local law is to regulate the conduct of council, committee and electors meeting.

Effect

Meetings of council, committees and electors are to be conducted in accordance with the local law.

The results of the community consultation and feedback from the Minister are to be considered by Council before it makes the local law.

POLICY IMPLICATIONS

There are no Policy Implications resulting from the recommendation of this report

FINANCIAL IMPLICATIONS

There are costs associated with drafting the local law, advertising it for public comment, considering submissions if any, and publication in the Government Gazette should council decide to make the local law.

STRATEGIC IMPLICATIONS

There are no Strategic Implications resulting from the recommendation of this report.

RECOMMENDATIONS

That;

1. In accordance with sections 3.12(3)(a) and (3a) of the Local Government Act 1995, State wide and local public notice be given stating that:
 - a) It is proposed to make a Shire of Leonora Meeting Procedures Local Law, and a summary of its purpose and effect;
 - b) Copies of the proposed local law may be inspected at the Shire offices and on its website;
 - c) Submissions about the proposed local law may be made to the Shire within a period of not less than 6 weeks after the notice is given;
2. In accordance with s3.12(3)(b) of the Act, as soon as the notice is given a copy of the proposed local law be sent to the Minister for Local Government;
3. In accordance with s3.12(3)(c) of the Act, a copy of the proposed local law be supplied to any person requesting it; and
4. The results of the public consultation be presented to Council for consideration of any submissions received.

DATE: 28th October, 2021

As you are aware, many round table meetings have been held with Watco Australia, Arc Infrastructure, Qube Ports and Bulk and St Barbara Limited regarding a proposed multi-user intermodal transport facility in close proximity to the Leonora townsite. Discussions commenced in January, 2021 and continue as of today.

You will recall that constructing a terminal within the Leonora townsite and in close proximity to the rail network would raise many concerns, some of which have been identified as:

- Minimising impact on dust and surrounding housing
- Minimising impact on noise and surrounding housing
- Minimising impact on traffic and pedestrian interaction
- Entry and exit points allowing RAV 10 road train access
- Availability of suitable industrial land
- Availability of power, water, and other utilities
- Native title complications
- Clearing of native vegetation

Following an extensive investigation it was resolved by all parties that land contained within the southern portion of Kurrajong Street and surrounds be the preferred site for a temporary Internodal Facility.

It should be noted that Kurrajong Street extends south of Court Street to Sadie Canning Drive. Sadie Canning Drive is unconstructed between Tower and (unconstructed) Kurrajong Streets. There are also two undedicated and unconstructed streets that run parallel to the unconstructed portion of Kurrajong Street. There are also three right of ways (which are treated the same as a road) that run parallel to these unconstructed streets, along with a dedicated and unconstructed road that runs between the constructed portion of Tower Street and unconstructed portion of Kurrajong Street in an east-west alignment. Native Title does not exist over the dedicated (albeit unconstructed) roads. (See diagram marked "A")

The Offer by Arc Infrastructure and St Barbara Limited to purchase Lots 9 and 10 Kurrajong Street, Leonora remains unresolved. This matter needs to be resolved prior to Council considering the recommendation at the end of this report.

Furthermore, if St Barbara's objection application against Qube Bulk's Pty Ltd Section 91 Licence application over multiple unallocated Crown Lots in the area is not resolved by Council meeting day, then the recommendation again should not be considered.

Qube Bulk's Section 91 License application would need to remain in place.

A Section 91 Licence application is applied for under the Land Administration Act 1997.

The information provided above relates to a temporary facility only.

Behind the scenes, others have been investigating an alternative site location for a permanent Multi-User Intermodal Transport Facility. This investigation continues with positive results and is likely to provide potential benefits to the Shire of Leonora which could include –

- development of a central first-class multi-user intermodal facility where new operations and new business will most likely be encouraged;
- less infringement on town community and infrastructure;
- progressive movement of railway operations away from town centre;
- reduction in heavy vehicles travelling through the centre of town;
- avoid the area being monopolised; and
- potential additional income sources from tenant bulk haulage operators.

Returning to the matter of proposed temporary Intermodal Facility, Rowe Group have been engaged by Qube and Watco to further investigate proposals.

Rowe Group is seeking exclusive use of a portion of the Kurrajong Street road reservation for the temporary Intermodal Facility operations. Please see attached site plan (marked “B”) illustrating in yellow the portion of the Kurrajong Street road reservation required for this purpose.

Regulation 6 of the *Local Government (Uniform Local Provisions) Regulations 1996* provides local government with the ability to grant permission for a public thoroughfare to be used/obstructed.

In accordance with Regulation 6, Rowe’s Client is requesting the use of the Kurrajong Street road reservation for a minimum term of six (6) months.

In addition to the above, the Rowe Group acting on behalf of Qube and Watco are requesting of Council a formal agreement for an exemption to the requirements to obtain development approval for the proposed temporary Intermodal Facility under Clause 61 of the *Planning and Development (Local Planning Scheme) Regulations 2015*.

The proposed temporary activities at the subject site are as per the following:

- a temporary intermodal facility (rail and road transportation);
- temporary structures including a workshop and office; and
- storage facilities (sea containers);

The exemption is being applied for on the following grounds:

- the exemption from the requirement for development approval is sought for a period of six (6) months only, after which time the exemption would be further reviewed in consultation with the Shire of Leonora, if required; and
- the temporary works will facilitate the timely delivery of a temporary Intermodal Facility in proximity to the Leonora industrial area whilst the permanent facility is constructed at the proposed site south of Town

- (9) For the purposes of section 3,37 of the Act, a contravention of subregulation (1) or (7) is a contravention that can lead to impounding of goods comprising a placed and left thing or structure.

In accordance with *Planning and Development (Local Planning Schemes) Regulations 2015*, schedule 2, Part 7, Clause 61(f):

The financial report has been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and interpretations of the Australian Accounting Standards Board, and the *Local Government Act 1995* and accompanying regulations.

The *Local Government Act 1995* and accompanying Regulations take precedence over Australian Accounting Standards where they are inconsistent.

The *Local Government (Financial Management) Regulations 1996* specify that vested land is a right-of-use asset to be measured at cost. All right-of-use assets (other than vested improvements) under zero cost concessionary leases are measured at zero cost rather than at fair value. The exception is vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 which would have required the Shire to measure any vested improvements at zero cost.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the financial report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

THE LOCAL GOVERNMENT REPORTING ENTITY

All funds through which the Shire controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

In the process of reporting on the local government as a single unit, all transactions and balances between those funds (for example, loans and transfers between funds) have been eliminated.

All monies held in the Trust Fund are excluded from the financial statements.

SIGNIFICANT ACCOUNTING POLICES

CRITICAL ACCOUNTING ESTIMATES

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

GOODS AND SERVICES TAX

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO). Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position. Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

ROUNDING OFF FIGURES

All figures shown in this statement are rounded to the nearest dollar.

CURRENT AND NON-CURRENT CLASSIFICATION

In the determination of whether an asset or liability is current or non-current, consideration is given to the time when each asset or liability is expected to be settled. Unless otherwise stated assets or liabilities are classified as current if expected to be settled within the next 12 months, being the Council's operational cycle.

KEY INFORMATION

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks and other short term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and bank overdrafts. Bank overdrafts are reported as short term borrowings in current liabilities in the statement of net current assets.

The local government classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

Financial assets at amortised cost held with registered financial institutions are listed in this note other financial assets at amortised cost are provided in Note 4 - Other assets.

Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets. Collectability of trade and other receivables is reviewed on an ongoing basis. Debts that are known to be uncollectible are written off when identified. An allowance for impairment of receivables is raised when there is objective evidence that they will not be collectible.

KEY INFORMATION

Prepaid rates are, until the taxable event for the rates has occurred, refundable at the request of the ratepayer. Rates received in advance give rise to a financial liability. On 1 July 2020 the prepaid rates were recognised as a financial asset and a related amount was recognised as a financial liability and no income was recognised. When the taxable event occurs the financial liability is extinguished and income recognised for the prepaid rates that have not been refunded.

SIGNIFICANT ACCOUNTING POLICIES

All assets are initially recognised at cost. Cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at no cost or for nominal consideration, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the local government includes the cost of all materials used in the construction, direct labour on the project and an appropriate proportion of variable and fixed overhead. Certain asset classes may be revalued on a regular basis such that the carrying values are not materially different from fair value. Assets carried at fair value are to be revalued with sufficient regularity to ensure the carrying amount does not differ materially from that determined using fair value at reporting date.

KEY INFORMATION

Provisions

Provisions are recognised when the Shire has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

Employee benefits

Short-term employee benefits

Provision is made for the Shire's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the calculation of net current assets.

Other long-term employee benefits

The Shire's obligations for employees' annual leave and long service leave entitlements are recognised as provisions in the statement of financial position.

Long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur. The Shire's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the Shire does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

Contract liabilities

An entity's obligation to transfer goods or services to a customer for which the entity has received consideration (or the amount is due) from the customer. Grants to acquire or construct recognisable non-financial assets to identified specifications be constructed to be controlled by the Shire are recognised as a liability until such time as the Shire satisfies its obligations under the agreement.
