COUNCIL MEETING INFORMATION NOTES

1. Your Council generally handles all business at Ordinary or Special Council Meetings.
2. From time to time Council may form a Committee to examine subjects and then report to Council.
3. Generally, all meetings are open to the public; however, from time to time Council will be required to deal with personal, legal and other sensitive matters. On those occasions Council will generally close that part of the meeting to the public. Every endeavour will be made to do this at the last item of business of the meeting.
4. Public Question Time. It is a requirement of the Local Government Act 1995 to allow at least fifteen (15) minutes for public question time following the opening and announcements at the beginning of the meeting. Should there be a series of questions the period can be extended at the discretion of the Chairman.

Written notice of each question should be given to the Chief Executive Officer fifteen (15) minutes prior to the commencement of the meeting. A summary of each question and response is included in the Minutes.

When a question is not able to be answered at the Council Meeting a written answer will be provided after the necessary research has been carried out. Council staff will endeavour to provide the answer prior to the next meeting of Council.

5. **Councillors** may from time to time have a financial interest in a matter before Council. Councillors must declare an interest and the extent of the interest in the matter on the Agenda. However, the Councillor can request the meeting to declare the matter **trivial, insignificant or in common with a significant number of electors or ratepayers**. The Councillor must leave the meeting whilst the matter is discussed and cannot vote unless those present agree as above.

Members of staff, who have delegated authority from Council to act on certain matters, may from time to time have financial interest in a matter in the Agenda. The member of staff must declare that interest and generally the Chairman of the meeting will advise the Officer if he/she is to leave the meeting.

6. Agendas including an Information Bulletin are delivered to the Councillors within the requirements of the Local Government Act 1995, i.e. seventy-two (72) hours prior to the advertised commencement of the meeting. Whilst late items are generally not considered there is provision on the Agenda for items of an urgent nature to be considered.

Should an elector wish to have a matter placed on the Agenda the relevant information should be forwarded to the Chief Executive Officer in time to allow the matter to be fully researched by staff. An Agenda item including a recommendation will then be submitted to Council for consideration.

The Agenda closes the Wednesday week prior to the Council Meeting (i.e. six (6) days prior to the meeting).

The Information Bulletin produced as part of the Agenda includes items of interest and information, which does not require a decision of Council.

7. Agendas for Ordinary Meetings are available in the Leonora Shire office and Leonora library seventy-two (72) hours prior to the meeting and the public are invited to secure a copy.

8. Agenda items submitted to Council will include a recommendation for Council consideration. Electors should not interpret and/or act on the recommendation until after they have been considered by Council. Please note the Disclaimer in the Agenda (page 3).

INTEREST DECLARATIONS

With regards to Direct Financial Interests, Indirect Financial Interests and Proximity Interests, please consider sections 5.60A, 5.60B, 5.61 and 5.63 of the *Local Government Act 1995* and associated regulations.

Financial Interests

For the purpose of the financial interest disclosure provisions you will be treated as having an interest in a matter, if either you (as a relevant person), or a person with whom you are closely associated, has:

- a direct or indirect financial interest in a matter; or
- a proximity interest in a matter.

Direct Financial Interest

Section 5.60A of the *Local Government Act 1995* provides that:

A person has a financial interest in a matter if it is reasonable to expect that the matter will, if dealt with by the local government, or an employee or committee of the local government or member of the council of the local government, in a particular way, result in a financial gain, loss, benefit or detriment for the person.

Indirect Financial Interest

Section 5.61 of the *Local Government Act 1995* provides more detail in regards to this, however the existence of an indirect financial interest in a matter can be established by showing that you, or a person with whom you are closely associated, has a financial relationship with a person requiring a local government decision in relation to that matter. There is no requirement to establish a financial gain, loss, benefit or detriment in this instance, the mere existence of a financial relationship and the requirement for a decision is sufficient for a breach of the provision to have occurred.

Proximity Interest

See Section 5.60B of the *Local Government act 1995 for further detail.*

The Act requires you to disclose a proximity interest that you, or a person with whom you are closely associated, has in a matter before a council or council committee meeting.

You (or a person with whom you are closely associated) have a proximity interest in any matter that concerns:

- a proposed change to a planning scheme affecting land that adjoins the person's land;
- a proposed change to the zoning or use of land that adjoins the person's land; or
- a proposed development of land that adjoins the person's land (development refers to the development, maintenance or management of the land or of services or facilities on the land).

The existence of a proximity interest is established purely by the location of land, a financial effect on the valuation of your land or on the profitability of your business does not have to be established. It is therefore important that you fully understand when a proximity interest exists.

The person's land referred to is both land in which you, or a person with whom you are closely associated, have any estate or interest.

Land that adjoins a person's land is defined by the Act as land that:

- not being a thoroughfare, has a common boundary with the person's land;
- is directly across a thoroughfare from the person's land; or
- is that part of a thoroughfare that has a common boundary with the person's land.

Impartiality Interest

Impartiality Interest For the purposes of requiring disclosure, an impartiality interest is addressed at Division 4 of the Shire of Leonora Code of Conduct for Council Members, Committee Members and Candidates as, *"an interest that could, or could reasonably be perceived to, adversely affect the impartiality of the person having the interest and includes an interest arising from kinship, friendship or membership of an association"*

The above definition includes examples of the type of relationships from which an interest could arise. However, a significant element is the likely public perception as to whether there may be an interest.

It is sometimes difficult to judge what a reasonable belief of another person is. Therefore, when deciding if such an interest should be disclosed, it is helpful to establish answers to the following questions:

- If you were to participate in assessment or decision making without disclosing, would you be comfortable if the public or your colleagues became aware of your association or connection with an individual or organisation?
- Do you think there would be a later criticism of perceived undisclosed partiality if you were not to disclose?

BACKGROUND

Each year, Council is required to complete an annual compliance audit return (CAR) for the calendar year immediately preceding (1st January to 31st December) as published by the Department for Local Government, Sport and Cultural Industries. The CAR is then to be reviewed by the Audit Committee and a report presented to Council prior to the adoption of the CAR.

This year, the CAR was reviewed and completed by Moore Australia. Tanya Browning, Director, and Jessica Spark, Supervisor, Local Government Services from Moore Australia attended the Shire offices on 19-21 February 2024, during which time the CAR was completed through interviews with senior staff and the inspection of various documents and records including:

- Minute books
- Tender Register
- Financial Interest & Return Register
- Complaints Register
- Delegations Register
- Council's website

The CAR is one of the tools that allow Council to monitor how the organisation is functioning in regards to compliance with the *Local Government Act 1995* and provides the Audit and Risk Committee the opportunity to report to Council any cases of non-compliance or where full compliance was not achieved.

This process also provides opportunity for the Audit and Risk Committee to consider matters that may require further review within ongoing risk framework assessments and actions.

The Audit & Risk Committee reviewed the CAR at its meeting held 19 March 2024, and resolved to recommend the adoption of the report to the Council and that the Shire President and Chief Executive Officer be authorised to sign the Compliance Audit Return for submission to the Department of Local Government.

Through the completion of the 2023 CAR, some minor instances of non-compliance were noted, in relation to procurement, and the tender register. Whilst systems and processes should be in place to ensure compliance with the purchasing policy and legislation, it is impossible to certify compliance in every instance without a complete examination of all purchases. Management noted the difficulty to declare during the review period the appropriate number of quotations had been obtained for every purchase (particularly low value purchases) in accordance with the purchasing policy, however also acknowledged improvements introduced to assist with these practices (eg update to purchasing policy, additional processes and controls with goods received etc).

A summary of the matters noted during the completion of the 2023 CAR has been prepared. The summary notes general improvement opportunities to systems and processes identified through the completion of the CAR. These improvements may assist the Shire in its risk management activities and continual improvement of administrative and compliance functions.

Shire of Leonora 2023 Compliance Audit Return – Summary of Matters Noted

Question No.	Section/Topic	Matters Identified / Improvements	Reportable in CAR (Y/N)
2	Tenders for Providing Goods and Services	<p>Non-compliance between procurement thresholds and purchasing requirements for low value purchases has possibly occurred during the review period. It was noted with management it is very difficult to declare during the review period the appropriate number of quotations had been obtained for every purchase (particularly low value purchases) in accordance with the purchasing policy.</p> <p>Improvement: Review systems and controls to minimise risks of non-compliance with adopted purchasing policy.</p>	Y
5	Optional Questions	<p>Public notices published in newspapers and the shire's website etc do not appear to have been consistently published as required by legislation.</p> <p>Improvement: Ensure all notices relating to local public notice and statewide public notice is published to comply with sections 1.7 & 1.8 of the <i>Local Government Act 1995</i>. Consider a mechanism/report trail for future compliance checks to be performed.</p>	N
7	Delegation of Power/Duty	<p>The officer report for item 10.3(c) OCM held 17 October 2023 presented for consideration noted an incorrect voting requirement in the agenda report, highlighting a simple majority decision was required rather than an absolute majority. The decision was effectively carried by an absolute majority, however incorrect statutory compliance references in agenda reports have the potential to contribute to non-compliant decisions where reliance is based upon the information stated.</p> <p>Improvement: Update systems and controls for agenda items to ensure correct statutory references are included to allow elected members to understand the legislative environment relating to the item being considered and minimise occurrences where legislatively non-compliant decisions may occur.</p>	N
7	Tenders for Providing Goods and Services	<p>The tender register is published on the official local government website as required by legislation. Inspection of the register noted RFT 03/2024 was incomplete, in that it did not record the value, or a summary of the amount awarded for the successful tender. We noted the tender register was updated with the required information shortly after the issue was noted.</p> <p>Improvement: Regulation 17 of the <i>Local Government (Functions and General) Regulations 1996</i> requires the value of the consideration (or a summary of the value of the consideration sought in the tender) accepted by the local government to be recorded in the tender register. Procedures should be updated to ensure information required by legislation is properly recorded and maintained for each tender called.</p>	Y
20	Disclosure of Interest	<p>The Code of Conduct for published on the Shire's website under a bookmark for users to identify the Code of Conduct for Council Members, Committee Members, and Candidates which is dated February 2021. An updated Code was adopted at the 16 March 2021 OCM. While the updated document is available through the March OCM minutes and published on the website, it may not be easily located.</p> <p>Improvement: To aid clarity and avoid confusion for users searching for information on the Shire's website, the Code of Conduct for Council Members, Committee Members, and Candidates listed under <i>Council Documents</i> on the Shire's official local government website should be updated to the March 2021 version.</p>	N

SUBMISSION TO:	Ordinary Council Meeting Meeting Date: 19th March 2024
AGENDA REFERENCE:	10.3.(A) MAR 24
SUBJECT:	Introduction of rental fees for the weekly rent of Ageing In Place independent living units and suggested amended to fees
LOCATION/ADDRESS:	Ageing In Place Village, Stuart Street, Leonora
NAME OF APPLICANT:	NA
FILE REFERENCE:	1.6 Budget Current
AUTHOR, DISCLOSURE OF ANY INTEREST AND DATE OF REPORT	
NAME:	Marie Pointon
OFFICER:	Community Development Officer
INTEREST DISCLOSURE:	Nil
DATE:	15th March 2024
SUPPORTING DOCUMENTS:	<ol style="list-style-type: none">1. Ageing In Place Policy ↓2. CHIAL Policy 2020 ↓

BACKGROUND

The Ageing In Place Village Policy was adopted by Council on 16th May 2023. Construction on the Village was completed in late 2023. After engaging consultants Kalgoorlie Metro Property Group to assist in developing and overseeing implantation of the application process, applications for units opened on Friday 1st March 2024.

Applications are due to close on Friday 29th March 2024, after which Kalgoorlie Metro Property Group will provide their initial assessment of applications and discuss with identified local agencies prior to making final determinations and notifying applicants of outcomes.

Successful applicants will then be required to sign a tenancy agreement, agree to abide by community guidelines, and pay a bond of four weeks rent prior to moving into the Village. Rent will be charged on a weekly basis thereafter.

The annual budget set by Council does not currently include fees for rent at the Ageing In Place Village. It is therefore not possible for successful applicants to move in to one of the units until rent has been set within the Fees and Charges, as this information is required prior to entering into a tenancy agreement or paying bond and weekly rent.

Community Housing Income and Asset Limits (CHIAL) Policy 2020 defines affordable housing as housing that must be leased to Eligible Persons at a rent less than 75 per cent of Market Rent or in accordance with the relevant policies.

The proposed rent of \$225 per week is less than 75 per cent of market rent as determined by Kalgoorlie Metro Property Group. The proposed rent also equates to 35 per cent of the Aged Pension that would be received by a single recipient with no other income, renting their home, and assets of less than \$200,000.

STAKEHOLDER ENGAGEMENT

Consultation has been undertaken with Kalgoorlie Metro Property Group, the agents currently engaged to oversee the application process, as well as WACHS in Leonora. Information as to Aged Pension rates has been sourced from Services Australia.

STATUTORY ENVIRONMENT

The Local Government Act 1995 sets out the following provision:

6.16. Imposition of fees and charges

- (1) *A local government may impose* and recover a fee or charge for any goods or service it provides or proposes to provide, other than a service for which a service charge is imposed.*

** Absolute majority required.*

- (2) *A fee or charge may be imposed for the following —*
- (a) providing the use of, or allowing admission to, any property or facility wholly or partly owned, controlled, managed or maintained by the local government;*
 - (b) supplying a service or carrying out work at the request of a person;*
 - (c) subject to section 5.94, providing information from local government records;*
 - (d) receiving an application for approval, granting an approval, making an inspection and issuing a licence, permit, authorisation or certificate;*
 - (e) supplying goods;*
 - (f) such other service as may be prescribed.*
- (3) *Fees and charges are to be imposed when adopting the annual budget but may be —*
- (a) imposed* during a financial year; and*
 - (b) amended* from time to time during a financial year.*

** Absolute majority required.*

POLICY IMPLICATIONS

Pursuant to the Ageing In Place Village Policy adopted by Council on 16th May 2023, the units are offered on the following basis:

- *The units are on a weekly rental basis with a bond of 4 weeks' rent being applicable.*
- *The rent is reviewed annually and is set by the Council as part of the Annual Fees and Charges.*

The application of a fee or charge not adopted by an absolute majority of Council would be in breach of section 6.16 of the Local Government Act 1995. The rent fee is therefore required to be adopted into the fees and charges prior to tenants being able to pay bond and rent, and therefore take up residency in the Village. Councils policy A1.8 Legislative Compliance sets out Councils commitment

to upholding the highest level of legislative compliance and to rectify any breach as soon as reasonably possible.

FINANCIAL IMPLICATIONS

With one unit allocated to staff housing, the remaining seven units being rented out at the proposed rate will generate income of \$81,900 per annum, that can be used to offset building and facility maintenance costs and will be included in future budgets.

STRATEGIC IMPLICATIONS

An appropriately managed facility aligns with Council's objective

1.2.2 Ensure appropriate infrastructure and facilities, servicing the health and social needs of our senior residents

RISK MANAGEMENT

The proposed fee sets the rent at an amount that provides sufficient income to contribute to the ongoing upkeep and maintenance of the facility, while also being of an acceptable level to not disadvantage aged pension recipients with no additional income. Should the fee not be adopted then the rent would not be able to be charged to tenants in line with the adopted Policy.

RECOMMENDATIONS

That Council resolve to amend the current Fees and Charges to include I1092301 Ageing In Place \$225.00 per week

Absolute Majority

For the latest income limits which apply at any time refer to: [NRAS Household Income Indexation \(dss.gov.au\)](https://www.dss.gov.au/nras-household-income-indexation)
- To convert the annual eligibility limits provided on the NRAS website to a weekly amount, apply the following formula:
 - $\frac{\text{Annual \$ limit}}{313/6} = \text{Weekly \$ limit}$
- To add the loadings for households including a person with a disability, and households in the North West/Remote areas, apply a 25% loading for each purpose. For example, for a household in the North West with a person with a disability, increase the metro limit by 25% (for location), and then increase that by a further 25% (for disability).

INTEREST DISCLOSURE:	Nil
DATE:	12th March 2024
SUPPORTING DOCUMENTS:	1. 2023/2024 Budget Review Statement of Financial Activity, notes on Closing Funds, and Budget Amendments. ↓

PURPOSE

To consider the Shire of Leonora's financial position as at 31 January 2024 and performance for the period 1 July 2023 to 31 January 2024 in relation to the adopted annual budget and projections estimated for the remainder of the financial year.

BACKGROUND

The budget review has been prepared to include information required by the *Local Government Act 1995*, *Local Government (Financial Management) Regulations 1996* and Australian Accounting Standards. The report for the period 1 July 2023 to 31 January 2024 shown in the attachment has been prepared incorporating year to date budget variations and forecasts to 30 June 2024 and is presented for council's consideration.

Consideration of the status of various projects and programs was undertaken to ensure any anticipated variances were captured within the review document where possible.

The material variance levels which have been reported for the budget review, have utilised the same materiality levels as monthly reporting to determine the extent of explanation / are based on a materiality level of \$15,000 or 8% implemented for the purpose of the budget review) / are based upon management judgement where explanations are considered appropriate.

COMMENT

The budget review report includes at Note 4 a summary of predicted variances contained within the Statement of Financial Activity, including whether variances are considered to be permanent (where a difference is likely between the current budget and the expected outcome to 30 June) or due to timing (e.g. where a project is likely to be delayed).

Features of the budget review include:

Description	Change
Timing delays to projects have impacted the ability for the shire to recognise revenue, resulting in an overall decrease in the grants expected to be received this financial year.	(\$241,250)
Reduction in co-contributions towards a health and building services. Originally this was reimbursed to the Shire of Leonora from the other Shire's involved in the shared contract arrangement.	(\$107,240)
Increased interest earnings on reserve account investments.	\$35,000
A reclassification of income from Other Revenue to Operating Contributions.	(\$146,772)
Profit on asset disposals.	\$90,137
Staff turnover has resulted in lower than budgeted salaries/wages, as well as less training and other employee cost expenditure than anticipated. Youth Services and Recreation Centre Salaries were also identified as duplicated figures, where only half that should have been budgeted for.	\$524,061
Roadworks and related expenses have seen a high reduction due to the need to direct roadworks towards flood-damaged roads rather than general maintenance. This includes a reduction in relevant fuel costs, as well as a delay to the ground works to be arranged for the cemeteries. Other reductions noted with the delay of the Airport Terminal pending the Eastern Precinct Project, and small general projects at Gwalia pending further investigation as to the feasibility of these. Primary cost increase with regards to Work Health and Safety implementation across the board which includes HR, Aerodrome Services, Fire Safety and Asbestos Inspections, as well as an increase in the utilisation of consultants following turnover of key personnel within the Shire.	\$126,103
All staff houses are currently occupied, including the new CEO House. Ageing in Place facility largest contributing factor due to cost of installation of individual meters, and additional costs associated with the ongoing utilities required for the facility.	(\$32,110)
There was a revaluation of asset classes in the 2022-23 year so some depreciation expenses are more than the previous year calculations used for budget.	(\$688,515)
Minor corrections to the sponsorship provided to community organisations through the Shire of Leonora, as well as a correction to the actual cash prize money required for the Golden Gift.	\$11,607
Loss on asset disposals.	(\$12,785)
Non-cash amounts excluded from operating activities (asset depreciation and profit/loss on sale of assets.)	\$611,163
Proceeds from disposal of assets.	\$159,136
Actual expenditure lower for capital projects due to savings in materials and labour. A few projects such as the Gwalia Cottages and Museum Lining were	\$482,381

Description	Change
identified as not requiring further work at this stage, and so have been delayed until a review of the current infrastructure and required improvements have been made. Airport Shed and Terminal Building has been delayed while additional funding is sought. Final fencing and concrete required for CEO house, and addition of new toilets at the Early Learning Centre.	
Some plant purchases were cheaper than originally budgeted. The Driver Equity Vehicle and Small Tipper were not received until the 23/24 financial year, and the 22/23 Audit requested that these be recognised in the current financial year - not originally budgeted. A vehicle for the MCS as an additional management role has been included, and overall plant purchase prices have been increased to reflect current market value.	(\$649,949)
LRCI Phase 4 (Part B) Funding will be received later in the year, with work not likely to commence until 24/25. Reduction in budget for the Roads to Recovery (town RAV network).	\$454,041
Projects pushed to the 24/25 financial year such as 26 Queen Victoria Street Driveway, reduced cost of CEO swimming pool and a delay in installation of electric gates. New budget items identified with TV Transmission equipment so an increase to occur.	(\$319,810)
Changes to the original reserve transfers due to project changes. Specifically, the Admin Refurbishment, Library Ceiling, CEO House and projects at the Gwalia Historic Precinct.	(\$217,000)
Transfers to reserve accounts (increase to interest earnings on reserve accounts).	(\$35,000)
Difference between adopted 2023/24 budget and the closing balance of the 2022/23 audited statements.	(\$43,198)
Overall Change	\$0

In considering the above variances and projections within the attached budget review, the closing position remains as budgeted which is reflected in the Statement of Budget Review.

Following completion of the budget review and to properly consider the impact of estimated projections at 30 June 2024, some items have been identified as requiring a budget amendment to properly account for these variances where appropriate. Required budget amendments have been included in Note 4 of the attached budget review document for information, and also presented as a separate recommendation to the budget review for council consideration.

SHIRE OF LEONORA
NOTES TO AND FORMING PART OF THE BUDGET REVIEW REPORT
FOR THE PERIOD ENDED 31 JANUARY 2024

1. BASIS OF PREPARATION

This budget review has been prepared in accordance with the *Local Government Act 1995* and accompanying regulations.

Local Government Act 1995 requirements

Section 6.4(2) of the *Local Government Act 1995* read with the *Local Government (Financial Management) Regulations 1996*, prescribe that the budget review be prepared in accordance with the *Local Government Act 1995* and, to the extent that they are not inconsistent with the Act, the Australian Accounting Standards. The Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board were applied where no inconsistencies exist.

The *Local Government (Financial Management) Regulations 1996* specify that vested land is a right-of-use asset to be measured at cost, and is considered a zero cost concessionary lease. All right-of-use assets under zero cost concessionary leases are measured at zero cost rather than at fair value, except for vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 Leases which would have required the Shire of Leonora to measure any vested improvements at zero cost.

Local Government (Financial Management) Regulations 1996, regulation 33A prescribes contents of the budget review.

Accounting policies which have been adopted in the preparation of this budget review have been consistently applied unless stated otherwise. Except for cash flow and statement of financial activity, the budget review has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

THE LOCAL GOVERNMENT REPORTING ENTITY

All funds through which the Shire of Leonora controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

All monies held in the Trust Fund are excluded from the financial statements.

Judgements and estimates

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The balances, transactions and disclosures impacted by accounting estimates are as follows:

- estimated fair value of certain financial assets
- impairment of financial assets
- estimation of fair values of land and buildings, infrastructure and investment property
- estimation uncertainties made in relation to lease accounting
- estimation of fair values of provisions

SIGNIFICANT ACCOUNTING POLICES

Significant accounting policies utilised in the preparation of these statements are as described within the 2023-24 Annual Budget. Please refer to the adopted budget document for details of these policies.

SHIRE OF LEONORA
NOTES TO THE BUDGET REVIEW REPORT
FOR THE PERIOD ENDED 31 JANUARY 2024

3 COMMENTS/NOTES - NET CURRENT FUNDING POSITION (CONTINUED)

SIGNIFICANT ACCOUNTING POLICIES

CASH AND CASH EQUIVALENTS

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks, other short term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and bank overdrafts.

Bank overdrafts are shown as short term borrowings in current liabilities.

FINANCIAL ASSETS AT AMORTISED COST

The Shire of Leonora classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

TRADE AND OTHER RECEIVABLES

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for grants, contributions, reimbursements, and goods sold and services performed in the ordinary course of business.

Trade and other receivables are recognised initially at the amount of consideration that is unconditional, unless they contain significant financing components, when they are recognised at fair value.

Trade receivables are held with the objective to collect the contractual cashflows and therefore measures them subsequently at amortised cost using the effective interest rate method.

Due to the short term nature of current receivables, their carrying amount is considered to be the same as their fair value. Non-current receivables are indexed to inflation, any difference between the face value and fair value is considered immaterial.

The Shire of Leonora applies the AASB 9 simplified approach to measuring expected credit losses using a lifetime expected loss allowance for all trade receivables. To measure the expected credit losses, rates receivable are separated from other trade receivables due to the difference in payment terms and security for rates receivable.

INVENTORIES

General

Inventories are measured at the lower of cost and net realisable value. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

CONTRACT ASSETS

Contract assets primarily relate to the Shire of Leonora's right to consideration for work completed but not billed at the end of the period.

CONTRACT LIABILITIES

Contract liabilities represent the Shire of Leonora's obligation to transfer goods or services to a customer for which the Shire of Leonora has received consideration from the customer.

Contract liabilities represent obligations which are not yet satisfied. Contract liabilities are recognised as revenue when the performance obligations in the contract are satisfied.

PROVISIONS

Provisions are recognised when the Shire of Leonora has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

CURRENT AND NON-CURRENT CLASSIFICATION

An asset or liability is classified as current if it is expected to be settled within the next 12 months, being the Shire of Leonora's operational cycle. In the case of liabilities where the Shire of Leonora does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current or non-current based on the Shire of Leonora's intentions to release for sale.

TRADE AND OTHER PAYABLES

Trade and other payables represent liabilities for goods and services provided to the Shire of Leonora prior to the end of the financial year that are unpaid and arise when the Shire of Leonora becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition. The carrying amounts of trade and other payables are considered to be the same as their fair values, due to their short-term nature.

PREPAID RATES

Prepaid rates are, until the taxable event has occurred (start of the next financial year), refundable at the request of the ratepayer. Rates received in advance are initially recognised as a financial liability. When the taxable event occurs, the financial liability is extinguished and the Shire of Leonora recognises revenue for the prepaid rates that have not been refunded.

EMPLOYEE BENEFITS

Short-Term Employee Benefits

Provision is made for the Shire of Leonora's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire of Leonora's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the net current funding position. Shire of Leonora's current obligations for employees' annual leave and long service leave entitlements are recognised as provisions in the net current funding position.

Other long-term employee benefits

Long-term employee benefits provisions are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur.

The Shire of Leonora's obligations for long-term employee benefits where the Shire of Leonora does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, are presented as current provisions in the net current funding position.

NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY FOR THE PERIOD ENDED 29 FEBRUARY 2024

1 BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES

BASIS OF PREPARATION

This prescribed financial report has been prepared in accordance with the *Local Government Act 1995* and accompanying regulations.

Local Government Act 1995 requirements

Section 6.4(2) of the *Local Government Act 1995* read with the *Local Government (Financial Management) Regulations 1996* prescribe that the financial report be prepared in accordance with the *Local Government Act 1995* and, to the extent that they are not inconsistent with the Act, the Australian Accounting Standards. The Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board were applied where no inconsistencies exist.

The *Local Government (Financial Management) Regulations 1996* specify that vested land is a right-of-use asset to be measured at cost, and is considered a zero cost concessionary lease. All right-of-use assets under zero cost concessionary leases are measured at zero cost rather than at fair value, except for vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 which would have required the Shire to measure any vested improvements at zero cost.

Local Government (Financial Management) Regulations 1996, regulation 34 prescribes contents of the financial report. Supporting information does not form part of the financial report.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the financial report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

THE LOCAL GOVERNMENT REPORTING ENTITY

All funds through which the Shire controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

All monies held in the Trust Fund are excluded from the financial statements.

Judgements and estimates

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The balances, transactions and disclosures impacted by accounting estimates are as follows:

- estimated fair value of certain financial assets
- impairment of financial assets
- estimation of fair values of land and buildings, infrastructure
- estimation uncertainties made in relation to lease accounting

SIGNIFICANT ACCOUNTING POLICES

Significant accounting policies utilised in the preparation of these statements are as described within the 2023-24 Annual Budget. Please refer to the adopted budget document for details of these policies.
