3.0 COUNCIL MEETING INFORMATION NOTES

At 10:19am Mr. Alex Baxter left the chambers.

4.0 PUBLIC QUESTION TIME

At 10:20am Mr. Alex Baxter returned to the chambers.

4.1 RESPONSE TO PREVIOUS PUBLIC QUESTIONS TAKEN ON NOTICE

CEO, Ty Matson advised that responses to the questions raised by Rene Reddingius (Snr) at the Ordinary Council Meeting held 19th September 2025 had been provided.

Question One: What can the Shire do to alleviate dust issues from heavy traffic on the Nambi Road Bypass?

Response from the CEO, Shire of Leonora: The Nambi Road Bypass, constructed on Lot 14 Leonora-Laverton Road several years ago, was not designed to handle the current volume of traffic. The unprecedented economic activity in the area, including the transport of iron ore to Malcolm Siding and gold-bearing ore to the nearby mill, has led to higher-than-anticipated demand. To reduce the number of super quad road trains on the main street, the Shire has encouraged transport companies to use the bypass. Unfortunately, this has increased dust, noise, and light impacts for nearby residents.

In August 2025, in anticipation of receiving title for Lot 14, the Council endorsed the project management plan for sealing the bypass. This is a high-priority project for the Shire. To expedite progress, the Shire previously commissioned studies, including a flood impact study, to confirm the project's viability and minimize delays in design and construction following the formal decision to proceed. The Flood Study will also inform the design of the route.

The design of heavy haulage routes includes measures to reduce noise and light impacts on nearby residents. In response to complaints, the Shire has reviewed options to mitigate dust and noise. Immediate measures include street sweeping and dust suppression. Both the Shire and Genesis Minerals have committed to increasing water-based dust suppression efforts where resources permit. Additionally, the Council has authorised the purchase of a larger street sweeper better suited for heavy-duty tasks, with procurement currently underway. The Shire also inserted a dust clause into the Road User Agreement with Genesis Minerals. This clause requires drivers heading west on Nambi Road to dust off their tyres when they move onto the bitumen road. This will reduce dust generated from west bound traffic as they slow to enter the bypass.

Barrier walls are a common feature in major infrastructure projects to separate residents from vehicle-related noise. The Shire is progressing through a procurement process to source and install a wall along the edge of Nambi Road. The Project Manager for the bypass road is scheduled to conduct an on-site assessment during the week commencing Monday, 20 October 2025. While indicative supply costs have been obtained, a detailed assessment of ground conditions, placement, and wall length is required. If deemed suitable and subject to funding, the wall will be installed as a priority, rather than waiting for the road to be sealed.

Question Two: What can the Shire do to alleviate or modify noise from heavy vehicle traffic?

Response from the CEO, Shire of Leonora: The Shire is actively pursuing the procurement of noise walls to address noise from heavy vehicle traffic. Desktop reviews have commenced, and an on-site assessment to determine specific installation requirements is scheduled for the week commencing 20 October 2025. Once all necessary information is gathered, the Shire will proceed with the procurement process, including budget considerations and final product selection. At this stage, a specific timeframe for the installation of the noise wall is not available. The Shire will share further updates with the community as soon as additional information becomes available.

Question Three: How may the Shire alleviate the historical flood damage caused by the construction of the bypass?

Response from the CEO, Shire of Leonora: There is no evidence to suggest that the construction of the Nambi Road Bypass has caused flooding. However, the Shire acknowledges that flooding along the northern edge of Leonora, particularly during heavy rainfall events, is a concern for the community. As part of the bypass project's viability stage, the Shire commissioned a Flood Impact Study. The study confirmed significant water flow congestion at the Goldfields Highway and the railway line further west during flooding events. The Shire anticipates that the rail bridge will be removed within the next couple of years as part of the rail corridor realignment. The findings of the Flood Impact Study will inform the design of the bypass road, particularly the intersection at Goldfields Highway and Nambi Road, to mitigate future flood risks.

5.0 ANNOUNCEMENT FROM THE PRESIDING MEMBER

Shire President, Cr PJ Craig made the following announcements:

- It has been a busy month with several recent events to report on, including the Outback Way AGM, the WALGA Convention both of which were held in Perth, and local horse racing events in Leonora and Leinster. It was with disappointment that no ministers attended the WALGA Convention in person, with all ministerial contributions via videoconference, which is concerning given the significance of the event and the effort required for regional representatives to attend.
- It was also observed that the WALGA Convention focused more on networking than in previous years, with a significant reduction in physical displays, particularly machinery, replaced mainly by governance and legal exhibits. Feedback noted technical difficulties with the convention app and a lack of practical sessions, such as those concerning housing or waste management, which had been highlights in previous years.
- Received an invitation to Ascot Racecourse from Ali Kent, member for Kalgoorlie along with Kate Mills from Puzzle Consulting, government ministers to discuss developments in Leonora, the Eastern Precinct, and opportunities for race club funding. There is also the GVROC and Regional Road Group meeting scheduled for early November.
- To thank outgoing councillors and welcome newly elected and re-elected councillors, there will be a council dinner at Hoover House on November 17.

BACKGROUND

After each local government election Council must consider appointing representatives to Committees or external groups. Local government elections were held on 18 October 2025 and this is the first meeting after the election.

The following is a list of all council committees and groups that Council has representation on:

1. Audit, Risk and Improvement Committee (Section 7.1A [LGA])

Purpose of the committee:

1. Provide guidance and assistance to the local government-

a) as to the carrying out of its functions in relation to audits carried out under Part 7 of the Local Government Act; and

b) as to the development of a process to be used to select and appoint a person to be an auditor; and

2. May provide guidance and assistance to the local government as to

a) matters to be audited; and

b) the scope of audits; and

c) its functions under Part 6 of the Act; and

d) the carrying out of its functions relating to other audits and other matters

ORDINARY COUNCIL MEETING MINUTES

related to financial management; and

3. Is to review a report given to it by the CEO under Regulation 17(3) (the CEO's report) and is to

a) report to the Council the results of that review; and

b) give a copy of the CEO's report to the Council.

An independent chairperson will be appointed as required by the ongoing Local Government Act reforms. This will be subject to a separate report at the November Council Meeting.

Traditionally, all Leonora Councillors have formed the ARIC.

2. Safer Leonora Working Group

Purpose of the working group

To develop and oversee the implementation of the Safer Leonora Plan 2022-2027.

This was formerly a Committee of Council; however it was changed to a working group to allow greater participation and engagement with key stakeholders. Whilst not requiring a formal resolution of Council, the appointment of Councillors to the working group will allow direct representation by Council on this group.

3. Local Emergency Management Committee (Section 38 Emergency Management Act)

Purpose of the committee:

To oversee, plan and test the LEMA (Local Emergency Management Arrangements).

It is recommended that at least one Councillor is appointed to the LEMC. The LEMC meets at least quarterly.

4. Goldfields Voluntary Regional Organisation of Councils (GVROC)

Purpose:

- Enhance service delivery and infrastructure for our collective and individual Communities.

- Achieve a sustainable, cost-effective model for sharing of resources.

The GVROC meets every 2 months and is an important method of participating in regional wide decisions. Traditionally the GVROC is attended by Shire Presidents and CEO's.

5. Regional Road Group (RRG)

Purpose:

The RRGs make recommendations to the State Road Funds to Local Government

ORDINARY COUNCIL MEETING MINUTES

Advisory Committee (SAC) regarding the Annual Local Government Roads Program for the Region and any other relevant issues. It meets twice a year and outside of these times it is not resource intensive for elected members.

6. Golden Quest Discovery Trail (GQDT)

Purpose:

To manage the on-going promotion, management and maintenance of the Golden Quest Discovery trail.

The GQDT is currently being reviewed as the Shire of Coolgardie withdrew its participation. A revised group is recommended to focus tourism efforts on participating Local Government. It is recommended that at least one Council member is appointed to the group.

BACKGROUND

The governance structure of WALGA is designed to ensure it is representative of all 139 Member Local Governments.

Zones are autonomous groupings of geographically aligned Local Governments. The key functions of Zones are to elect one or more representative to State Council, consider the State Council Agenda and provide direction and feedback to State Council. Zones can also act independently in considering and advocating on regional issues.

State Council is the decision-making, representative body of WALGA, responsible for sector-wide policy making and strategic planning.

The relationship between State Council and Zones is critical as it underpins WALGA's advocacy on behalf of Local Government at the State and Federal Government levels. Zones have an integral role in shaping the political and strategic direction of WALGA.

Delegates are appointed to represent their Local Government on the Zone and make decisions at a regional level. Individual Zones determine how many Delegates represent each member Local Government and are responsible for electing a Zone Chair and Deputy Chair.

When a Delegate is appointed to a Zone, they become eligible to nominate for State Council. As this is an election year, November Zone meetings will hold elections for State Council representatives and Zone Chair.

ORDINARY COUNCIL MEETING MINUTES

There are no sitting fees or reimbursements paid to Zone Delegates. State Councillors are entitled to travel reimbursement related to meeting attendance and are paid an annual sitting fee.

The time commitment for a Zone Delegate varies from Zone to Zone. Zones meet five times per year (in February, April, June, August and November). Meetings run for approximately 90 minutes. Agendas are distributed a week before Zone meetings.

Goldfields Country Zone (also known as GVROC)

There are nine Local Governments in the Goldfields Country Zone.

The Goldfields Country Zone meet twice within a State Council meeting cycle (in February, April, June, August and November) at 9:00am. One meeting is held in person to consider GVROC specific matters and the second is to consider the State Council Agenda and is held via Zoom. Hosting of the in person meetings is rotated between each member Local Government to provide an opportunity to showcase their area.

Each member Local Government on the Goldfields-Esperance Country Zone is entitled to appoint two voting Delegates and as many Deputy Delegates as they see fit. It is recommended that the Chief Executive Officer be appointed as an additional Deputy Delegate where it may be beneficial, to ensure that representation from each member Local Government can always be achieved at Zone meetings.

At the November Zone meeting, an election will be held for the positions of State Councillor (one position) and Deputy State Councillor (one position).

STAKEHOLDER ENGAGEMENT

Stakeholder engagement is not required.

STATUTORY ENVIRONMENT

The Zone has no statutory environment.

POLICY IMPLICATIONS

A major part of the role is to advocate for Leonora and particularly its policy positions.

FINANCIAL IMPLICATIONS

There are no financial implications. Travel costs are included in the annual budget.

STRATEGIC IMPLICATIONS

This is an advocacy role.

RISK MANAGEMENT

No risks have been identified with this item.

BACKGROUND

The Shire of Leonora's Community Grants Round is an annual, open, competitive grants round providing a total pool of \$60,000.00 to community groups and organisations in Leonora and Leinster

Applications were open from 1st September, 2025 to 30th September, 2025, and the following information was provided:

Description

A competitive grant round supporting community and sporting organisations in the Shire of Leonora. Applicants can seek up to \$10,000.

Eligibility Criteria

The organisation or group must provide direct benefit to the Shire of Leonora community, by providing support, services, events, and/or activities.

The organisation or group must be:

- Not for profit
- Incorporated
- Community based
- Supported activities include:
 - Development projects
 - Participation projects

ORDINARY COUNCIL MEETING MINUTES

- Community service groups

Community organisations/groups which are not incorporated should approach an incorporated community-based organisation to auspice the project. Documentation of any auspicings arrangement should be provided with your application.

Instructions for Application Submission:

Applications must be submitted electronically using SurePact online grants management system.

Applicants should ensure sufficient information is provided for the assessment panel to make a recommendation, including any relevant quotes, auspicings agreements etc.

Applications received

As at the close date, the following applications had been received:

Applicant	Amount
Regional Early Education And Development Inc	\$ 10,000.00
Otitis Media Group (Inc.)	\$ 10,000.00
Leinster Sport Recreation Association	\$ 10,000.00
Leinster Primary School Parents And Citizens Association Inc	\$ 10,000.00
Leinster Community Playgroup	\$ 10,000.00
TOTAL	\$ 50,000.00

All applications received meet the above-mentioned criteria and have provided sufficient documentation to support the amounts requested.

The applications were assessed by a three person panel, with each reviewer providing a score for the application out of 5. The aggregate scores are provided on the first page of the attached document, and all applications were approved.

Due to receiving applications for a total of \$50,000.00, there is an under-expenditure of \$10,000.00 from the total funding pool.

Given the purpose of the Community Grants Round, it would be suitable for the balance of funds to be re-allocated to the CEO Support Grants, as this would provide local organisations and events with additional funding avenues for the remainder of the financial year.

STATUTORY ENVIRONMENT

Section 3.1 of the *Local Government Act 1995* states that "the general function of a Local Government is to provide for the good government of persons in its district".

POLICY IMPLICATIONS

There are no policy implications resulting from the recommendation of this report.

ORDINARY COUNCIL MEETING MINUTES

FINANCIAL IMPLICATIONS

An amount of \$60,000.00 is contained within the current budget to facilitate expenditure as detailed.

STRATEGIC IMPLICATIONS

The Shire of Leonora Council Plan 2025–2035 includes action 1.1.3.4 Maintain community grants allocation program.

At 10:41am Mr JL Morgan left the chambers.

At 10:42am Mr JL Morgan returned to the chambers briefly to exit once more.

The Leinster Community Day Care Centre is seeking funding to strengthen and expand the delivery of high-quality early childhood education and care for families in Leinster and the surrounding region. With the announcement from BHP in July 2024 to enter temporary suspension, the service experienced a decline in enrolments as families were impacted by redundancies and redeployments, reducing centre numbers from 50-60% occupancy in July 2024 to 17%-30% currently. The need to provide stable and resilient services has become even more critical. This funding will support improvements in service delivery, including upgrading learning resources, staff wages, enhancing staff training and book-keeping to ensure ongoing compliance with the National Quality Framework (NQF).

Please provide an overview of the project or program you intend to use the grant funding for, and how it will provide benefit to the community. If you have supporting documentation, you can provide this in the Supporting Documents section.

The project will also contribute to long-term sustainability by investing in initiatives that improve accessibility, inclusivity, and family engagement.

This project will deliver significant benefits to the local community, including:

- Supporting Working Families: Reliable childcare enables parents and caregivers to engage in employment, training, and community activities.
- Quality Early Learning: Children will benefit from enriched learning environments, promoting school readiness and overall wellbeing.
- Community Stability: Access to childcare supports families to remain in Leinster which in turn strengthens the town's workforce and economy.

- Capacity Building: Ongoing professional development for educators will ensure high standards of care, aligned with NQF requirements.

In Leonora, many children begin life already facing a silent barrier—hearing loss caused by middle ear disease. It's invisible, but its impact is profound. Before they've spoken their first word, some children are already falling behind in speech, language, motor skills and classroom engagement. By the time they reach school, they may struggle to follow instructions, express themselves clearly or connect with their peers—not because they lack ability, but because they've lacked access to early intervention.

Wrap the Leonora Gap is Earbus Foundation's response to this urgent need. It's a community-led program that brings a multidisciplinary team of allied health professionals—speech pathologists, occupational therapists, physiotherapists and developmental psychologists—into Leonora to work directly with children, families and educators.

The program is delivered through three interconnected streams:

- PLAY (Positive Learning Approaches for Young ones): A playgroup-based initiative where children engage in developmental screening, 1:1 therapy and parent coaching in a safe, familiar setting.
- STEP (School Therapy Enhancement Program): Therapy embedded into classroom routines, supporting teachers and education assistants to manage sensory and behavioural challenges.
- UP (Unlocking Pathways): A literacy-focused program that builds foundational skills through collaborative learning and project-based activities.

These services are delivered in schools, playgroups and community hubs—places children already know and trust. The program is Aboriginal designed for Aboriginal people to be culturally safe, flexible and responsive to local needs. It doesn't just treat—it transforms. It identifies children who may need NDIS referrals, reassures parents when their child is on track and upskills educators to continue care between visits.

Funding from the Shire of Leonora will directly support the delivery of therapy sessions, travel costs for allied health professionals and culturally safe resources for families and educators.

Why is this needed?

ORDINARY COUNCIL MEETING MINUTES

21 OCTOBER 2025

- especially when it comes to allied health services like speech therapy, occupational therapy and developmental psychology. These services are typically concentrated in larger centres, meaning families in smaller towns like Leonora may need to travel long distances or wait extended periods to receive care.

In early childhood, delays caused by hearing loss can have a cascading effect—impacting speech, literacy, motor skills and classroom engagement. Without early intervention, these delays can compound over time, affecting a child's confidence, learning outcomes and long-term wellbeing.

Local educators and health professionals in Leonora have observed these challenges firsthand. While Earbus Foundation's Hearing Health Program provides regular screening and treatment to Leonora's children, there remains a critical gap in follow-up developmental support. Wrap the Gap is designed to fill that gap—bringing therapy directly into the community and ensuring children receive the support they need, when and where they need it.

How will this benefit the community?

The benefits of Wrap the Leonora Gap extend far beyond individual children—they ripple outward to families, educators and the broader Leonora community.

- For children, the program offers a chance to catch up developmentally and build the foundational skills they need to thrive. With improved hearing, speech and motor coordination, children can participate more fully in classroom activities, express themselves with confidence and connect socially with their peers. These early gains lay the groundwork for lifelong learning and wellbeing.

- For families, Wrap the Gap reduces the burden of travel and long waitlists by bringing services directly into the community. Parents are supported through coaching and reassurance, helping them better understand their child's development and feel empowered to support their progress. The program also helps identify children who may benefit from NDIS referrals, ensuring families can access longer-term support if needed.

- For educators, the program provides professional development and practical tools to manage sensory and behavioural challenges in the classroom. Teachers and education assistants are supported to embed therapy into everyday learning, creating more inclusive environments where all children can succeed.

- For the wider community, Wrap the Gap strengthens local capacity and builds a more connected support network. By working in partnership with schools, Aboriginal organisations and health providers, the program fosters collaboration and ensures services are culturally safe and responsive. It also contributes to long-term outcomes—reducing disengagement, improving literacy and helping children stay on track academically and socially.

Ultimately, this initiative is about equity. It's about ensuring that children in Leonora have the same opportunities to thrive as those in larger centres. It's about building a future where no child is left behind because of where they live or the challenges they face early in life.

With support from the Shire of Leonora, Wrap the Gap can continue to grow as a locally embedded, community-driven solution—one that uplifts children, supports families and strengthens the fabric of the town for generations to come.

Please provide an overview of the project or program you intend to use the grant funding for, and how it will provide benefit to the community. If you have supporting documentation, you can provide this in the Supporting Documents section.

Is there any additional information you feel is important in determining your application?

Earbus Foundation exists to eliminate the effects of ear disease in Aboriginal and at-risk children across Western Australia—because no child should be held back by a condition that is treatable, preventable and invisible. Our mission is simple but powerful: healthy ears, bright futures.

Earbus Foundation is a trusted provider with over a decade's experience delivering mobile, multidisciplinary services to remote communities. Our Hearing Health Program already operates in Leonora, providing regular screening and treatment for middle ear disease. Wrap the Leonora Gap is a natural extension of this work—designed to fill the developmental gap that remains after hearing issues are addressed. It builds on our proven capacity to deliver culturally safe, community-led programs in partnership with local schools, Aboriginal organisations and health providers.

The need is urgent. Middle ear disease affects up to 91% of Aboriginal children in some communities. It's not just a health issue—it's an educational and social equity issue. Hearing loss in early childhood can delay speech, literacy, motor skills and classroom engagement. These delays compound over time, contributing to a stark gap in educational outcomes:

- Only 34% of Indigenous children are assessed as ready to start school, compared to 56% of all Australian children.
- By age 10, just 77% of Indigenous students meet minimum literacy and numeracy standards, compared to 96% of their peers.
- Only 57% of Indigenous students finish high school, compared to 82% nationally.
- And while nearly half of young Australians hold a university degree, just 7% of Indigenous youth do.

21 OCTOBER 2025

ORDINARY COUNCIL MEETING MINUTES

- The consequences extend beyond the classroom. Children who fall behind developmentally are more likely to disengage from school, experience social isolation and eventually come into contact with the juvenile justice system. Early intervention is not just compassionate—it's cost-effective, preventative and transformative.

Wrap the Gap is designed to change this trajectory. It identifies children early, supports families, upskills educators and builds a stronger, more connected community. With support from the Shire of Leonora, we can ensure that every child in Leonora has the opportunity to thrive—regardless of where they live or the challenges they face.

This application seeks funding to replace the aging carpet in the Leinster Community School library as part of a broader refurbishment initiative aimed at improving the comfort, safety, and accessibility of the space. The library serves as a vital hub for education, connection, and enrichment. Upgrading the flooring will enhance the overall experience for the students, and support the library's role in fostering lifelong learning.

The current carpet in the library is many years old (we are not actually sure how old) and shows significant signs of wear and staining. These issues will detract from the welcoming atmosphere the library refurbishment is striving to achieve.

The refurbishment includes replacing the shelving with modern alternatives, new furniture and a fresh coat of paint. The project aligns with our commitment to providing inclusive, safe, and modern public spaces. Carpet replacement is a key component, as it directly impacts acoustics, comfort, and aesthetics.

Please provide an overview of the project or program you intend to use the grant funding for, and how it will provide benefit to the community. If you have supporting documentation, you can provide this in the Supporting Documents section.

The Leinster Community Playgroup Committee would assistance this coming year to pay for our annual insurance, as well as updating smaller items within the center that will help us run our sessions effectively.

We are also working on providing a kinder gym program for our community and will need funding for equipment. Since the closure of the Nickel Mine we have seen a drastic decrease in memberships as the towns population reduced due to the closure. Therefore our income has substantially decreased making paying for insurance & the likes near impossible. As we are the only community group providing activities for children aged 0-5 in Leinster, we feel it extremely important to continue to provide this service to the community.

By having out insurance fee paid for and other larger ticketed items, we will be able to successfully continue to provide sessions for the next year to our community. Physical Activity in the first five years is crucial to child development across all facets and provides the foundation to life-long health & well being, which is why developing a kinder gym program in Leinster we feel, is extremely important.

BACKGROUND

The Shire of Leonora has adopted Policy A3.4 *Temporary Employment or Appointment of a Chief Executive Officer*. This document was drafted when the organisational structure included the role of Deputy Chief Executive Officer. As such when the CEO is absent the DCEO is authorised to act as the CEO.

In October 2023 structural changes removed the role of DCEO from the organisational chart and instead created the roles of Manager Community Services (MCS) and Manager Business Services (MBS). The second management tier now includes the two new roles and the Manager Works and Services.

Policy A3.4 will need to be amended to reflect the change, however this will take time for Administration to work through and present a new policy to Council for consideration. It is anticipated that this will be drafted for the November Ordinary Meeting of Council as part of the post-election policy review by Council.

The CEO is intending to take leave at the end of October for a period of 8 working days. Therefore an acting CEO will need to be appointed.

The recommendation is that Mr Alex Baxter, Manager Community Services be appointed as acting CEO for the period of Wednesday 22 October to Sunday 2 November 2025, inclusive.

STAKEHOLDER ENGAGEMENT

Not required.

STATUTORY ENVIRONMENT

Local Government Act 1995 - Section 5.38C Policy for temporary employment or appointment of CEO

1. A local government must prepare and adopt* a policy that sets out the process to be followed by the local government in relation to the following —
 - (a) the employment of a person in the position of CEO for a term not exceeding 1 year;
 - (b) the appointment of an employee to act in the position of CEO for a term not exceeding 1 year.
2. A local government may amend* the policy.
** Absolute majority required.*
3. When preparing the policy or an amendment to the policy, the local government must comply with any prescribed requirements relating to the form or content of a policy under this section.
4. The CEO must publish an up-to-date version of the policy on the local government's official website.

POLICY IMPLICATIONS

The proposed appointment is not considered within the scope of the policy. The policy is however now outdated as it is not reflective of the administrative structure of the Shire.

FINANCIAL IMPLICATIONS

All costs associated with the provision of an acting CEO have been included in the adopted annual budget.

STRATEGIC IMPLICATIONS

No strategic implications have been identified.

RISK MANAGEMENT

A comprehensive handover will be provided to the acting CEO. Due to the short term, it is not considered that extensive strategic decisions will be required. A suitable support structure will be in place to allow the incumbent suitable support to undertake the role. The substantive CEO, whilst overseas, will be available for the Shire President and Acting CEO to contact if required.

ORDINARY COUNCIL MEETING MINUTES

RECOMMENDATIONS

That Council appoint Mr Alex Baxter as Acting Chief Executive Officer at the Shire of Leonora for the period Wednesday 22 October 2025 to Sunday 2 November 2025 inclusive, during a period of leave for the substantive Chief Executive Officer.

BACKGROUND

Following a review of the Shire of Leonora's rate book, three properties were identified with significant long-standing rates arrears, as outlined below:

- 81 Gwalia Street, Leonora – \$4,409.95 outstanding, last payment received 7 November 2013.
- 97 Otterburn Street, Leonora – \$4,058.95 outstanding, last payment received 7 August 2015.
- 43 Tower Street, Leonora – \$4,710.57 outstanding, last payment received 21 August 2013.

To date, the Shire has engaged McLeod's Lawyers to issue rates recovery letters to the registered property owners. These letters have been returned marked "return to sender," confirming that the owners could not be contacted at the addresses currently held by the Shire.

In order to progress the recovery of unpaid rates, it is proposed that the Shire proceed under section 6.64(1)(b) of the Local Government Act 1995 (LGA), which provides authority for a local government to commence recovery proceedings in accordance with section 6.56.

The Act requires that the Shire make "reasonable efforts" to locate the property owners prior to exercising its power of sale. Specifically, section 6.68(2)(b) of the LGA provides that a local government is not required to attempt to recover unpaid rates under section 6.56 before exercising its power of sale where, "having made reasonable efforts to locate the owner of the property, it is unable to do so."

To ensure compliance with the Act and to demonstrate due diligence, it is recommended that the following steps be undertaken:

ORDINARY COUNCIL MEETING MINUTES

- conduct updated skip tracing to identify any alternative contact or location information for the owner; and
- subject to any findings on an updated skip trace, we write a further letter to provide notice that unless a response or payment is received by a specified date, the Shire will seek to rely on the exemption provided by section 6.68(2)(b) of the LGA, as stated above, on commencing the seizure and sale process under section 6.64(1)(b) of the LGA to recover the subject unpaid rates.

This approach provides a clear and defensible process, demonstrating that the Shire has taken all reasonable steps to contact the owners and recover the debts in good faith. Should the owners remain uncontactable or fail to respond, the Shire will be positioned to lawfully proceed with seizure and sale of the properties to recover the unpaid rates.

STATUTORY ENVIRONMENT

Local Government Act 1995 (WA) – Section 6.56

Rates or service charges recoverable in court

1. If a rate or service charge remains unpaid after it becomes due and payable, the local government may recover it, together with any costs of proceedings for that recovery, in a court of competent jurisdiction.
2. Rates or service charges due by the same person to the local government may be included in a single writ, summons, or other process.

Local Government Act 1995 – Section 6.64

Actions to be taken

If any rates or service charges which are due to a local government in respect of any rateable land have been unpaid for at least 3 years, the local government may, in accordance with the appropriate provisions of this Subdivision, take possession of the land and hold the land as against a person having an estate or interest in the land and may —

- (a) from time to time lease the land; or
- (b) sell the land; or
- (c) cause the land to be transferred to the Crown; or
- (d) cause the land to be transferred to itself.

On taking possession of any land under this section, the local government is to —

- (a) give to the owner of the land such notification as is prescribed; and
- (b) affix on a conspicuous part of the land a notice, in the form or substantially in the form prescribed.

Where payment of rates or service charges imposed in respect of any land is in arrears, the local government has an interest in the land in respect of which it may —

ORDINARY COUNCIL MEETING MINUTES

- (a) lodge a caveat to preclude dealings in respect of the land; and
- (b) withdraw caveats so lodged by it.

Local Government Act 1995 (WA) – Section 6.68

Exercise of power to sell land

Subject to subsection (2), a local government is not to exercise its power under section 6.64(1)(b) (in this Subdivision and Schedule 6.3 referred to as the power of sale) in relation to any land unless, within the period of 3 years prior to the exercise of the power of sale, the local government has at least once attempted under section 6.56 to recover money due to it.

A local government is not required to attempt under section 6.56 to recover money due to it before exercising the power of sale where the local government —

- (a) has a reasonable belief that the cost of the proceedings under that section will equal or exceed the value of the land; or
- (b) having made reasonable efforts to locate the owner of the property is unable to do so.

3A. A local government is to ensure that a decision to exercise a power of sale without having, within the period of 3 years prior to the exercise of the power of sale, attempted under section 6.56 to recover the money due to it, and the reasons for the decision, are recorded in the minutes of the meeting at which the decision was made.

POLICY IMPLICATIONS

This agenda aligns with the Shire of Leonora Policy A2.8 Rates Recovery.

FINANCIAL IMPLICATIONS

The total amount of outstanding rates across the three identified properties is \$13,179.47. Continued non-recovery of these amounts poses a direct financial impact on the Shire by reducing available revenue and limiting resources for service delivery and infrastructure maintenance.

Pursuing recovery through legal channels will incur additional costs, including legal fees and investigative expenses (e.g., skip tracing). However, these costs may be recoverable as part of the legal process or through the eventual sale of the properties under section 6.64 of the Local Government Act 1995.

STRATEGIC IMPLICATIONS

This agenda item aligns with the Shire of Leonora Council Plan 2025–2035, Strategy 4.2.1.2, which seeks to maintain accountability and financial responsibility through effective planning and sound decision-making.

RISK MANAGEMENT

Failure to recover long-standing unpaid rates presents a material financial risk to the Shire, reducing available revenue and undermining long-term budget sustainability. Initiating recovery proceedings

ORDINARY COUNCIL MEETING MINUTES

under the *Local Government Act 1995* will mitigate this risk by demonstrating the Shire's commitment to prudent financial management and equitable treatment of all ratepayers.

A legal and compliance risk exists should the Shire proceed without evidencing "reasonable efforts" to locate property owners, as required by section 6.68(2)(b). This will be addressed by undertaking updated skip tracing and issuing a further notice prior to initiating seizure and sale proceedings, thereby ensuring compliance with statutory obligations.

There is also a reputational risk if the Shire is perceived as either failing to act on persistent arrears or acting disproportionately. By adhering strictly to legislative provisions and applying a transparent, fair, and consistent process, the Shire will mitigate this risk and maintain community confidence in its governance and accountability practices.

ORDINARY COUNCIL MEETING MINUTES

RECOMMENDATIONS

1. That Council notes the outstanding rates arrears on the following properties:
 - 81 Gwalia Street, Leonora – \$4,409.95
 - 97 Otterburn Street, Leonora – \$4,058.95
 - 43 Tower Street, Leonora – \$4,710.57
2. Authorises the Chief Executive Officer to undertake updated skip tracing to attempt to identify any alternative contact details for the property owners.
3. Authorises the Chief Executive Officer, subject to the outcome of the skip tracing, to issue a final notice advising that unless payment or satisfactory contact is received by a specified date, the Shire will rely on section 6.68(2)(b) of the Local Government Act 1995 and commence seizure and disposal proceedings under section 6.64(1)(b).

SUPPORTING DOCUMENTS: 1. Monthly Financial Statements - August 2025

BACKGROUND

In complying with the Local Government *Financial Management Regulations 1996*, a monthly statement of financial activity must be submitted to an Ordinary Council meeting within 2 months after the end of the month to which the statement relates. The statement of financial activity is a complex document but gives a complete overview of the “cash” financial position as at the end of each month. The statement of financial activity for each month must be adopted by Council and form part of the minutes.

At the time the agenda was to be published, the Monthly Financial Documents were not yet available, however these will be provided as soon as they have been received by the Shire.

It is understood that parts of the statement of financial activity have been submitted to Ordinary Council meetings previously. In reviewing the Regulations, the complete statement of financial activity is to be submitted, along with the following reports that are not included in the statement.

Monthly Financial Statements for the month ended 31st August, 2025 consisting of:

- (a) Compilation Report
- (b) Statement of Financial Activity – 31st August, 2025
- (c) Material Variances – 31st August, 2025

ORDINARY COUNCIL MEETING MINUTES

(1A) In this regulation —

committed assets means revenue unspent but set aside under the annual budget for a specific purpose.

34. (1) A local government is to prepare each month a statement of financial activity reporting on the revenue and expenditure, as set out in the annual budget under regulation 22(1)(d), for that month in the following detail —
- (a) annual budget estimates, taking into account any expenditure incurred for an additional purpose under section 6.8(1)(b) or (c);
 - (b) budget estimates to the end of the month to which the statement relates;
 - (c) actual amounts of expenditure, revenue and income to the end of the month to which the statement relates;
 - (d) material variances between the comparable amounts referred to in paragraphs (b) and (c); and
 - (e) the net current assets at the end of the month to which the statement relates.
34. (2) Each statement of financial activity is to be accompanied by documents containing —
- (a) an explanation of the composition of the net current assets of the month to which the statement relates, less committed assets and restricted assets;
 - (b) an explanation of each of the material variances referred to in subregulation (1)(d); and
 - (c) such other supporting information as is considered relevant by the local government.
34. (3) The information in a statement of financial activity may be shown —
- (a) according to nature and type classification; or
 - (b) by program; or
 - (c) by business unit.
34. (4) A statement of financial activity, and the accompanying documents referred to in subregulation (2), are to be —
- (a) presented at an ordinary meeting of the council within 2 months after the end of the month to which the statement relates; and
 - (b) recorded in the minutes of the meeting at which it is presented.
34. (5) Each financial year, a local government is to adopt a percentage or value, calculated in accordance with the AAS, to be used in statements of financial activity for reporting material variances.

Dear Ty

COMPILATION REPORT TO SHIRE OF LEONORA

We have compiled the accompanying special purpose financial report of Shire of Leonora which comprise the statement of financial position as at 31 August 2025, the statement of financial activity, notes providing statement of financial activity supporting information, explanation of material variances for the year then ended and a summary of material accounting policy information. These have been prepared in accordance with *Local Government Act 1995* and associated regulations as described in Note 1 to the financial report. The specific purpose for which the special purpose financial statements have been prepared is also set out in Note 1 of the financial report. We have provided the supplementary information of Shire of Leonora as at 31 August 2025 and for the period then ended based on the records of the Shire of Leonora.

THE RESPONSIBILITY OF SHIRE OF LEONORA

The CEO of Shire of Leonora is solely responsible for information contained in the special purpose financial report and supplementary information, the reliability, accuracy and completeness of the information and for the determination that the basis of accounting used is appropriate to meet their needs and for the purpose that the financial report was prepared.

OUR RESPONSIBILITY

On the basis of information provided by Shire of Leonora we have compiled the accompanying special purpose financial report in accordance with the requirements of *APES 315 Compilation of Financial Information* and the *Local Government Act 1995*, associated regulations and to the extent that they are not inconsistent with the *Local Government Act 1995*, the Australian Accounting Standards.

We have applied our expertise in accounting and financial reporting to compile these financial statements in accordance with the basis of accounting described in Note 1 to the financial report except for the matters of non-compliance with the basis of preparation identified with Note 1 of the financial report. We have complied with the relevant ethical requirements of *APES 110 Code of Ethics for Professional Accountants*.

Supplementary information attached to the financial report has been extracted from the records of Shire of Leonora and information presented in the special purpose financial report.

ASSURANCE DISCLAIMER

Since a compilation engagement is not an assurance engagement, we are not required to verify the reliability, accuracy or completeness of the information provided to us by management to compile these financial statements. Accordingly, we do not express an audit opinion or a review conclusion on these financial statements.

The special purpose financial report was compiled exclusively for the benefit of Shire of Leonora who are responsible for the reliability, accuracy and completeness of the information used to compile them. Accordingly, the special purpose financial report may not be suitable for other purposes. We do not accept responsibility for the contents of the special purpose financial report.

NOTE REGARDING BASIS OF PREPARATION

We draw attention to Note 1 to the financial report where matters of non-compliance with the basis of preparation have been detailed. Supplementary information is provided for management information purposes and does not comply with the disclosure requirements of the Australian Accounting Standards.

This prescribed financial report has been prepared in accordance with the *Local Government Act 1995* and accompanying regulations.

Local Government Act 1995 requirements

Section 6.4(2) of the *Local Government Act 1995* read with the *Local Government (Financial Management) Regulations 1996*, prescribe that the financial report be prepared in accordance with the *Local Government Act 1995* and, to the extent that they are not inconsistent with the Act, the Australian Accounting Standards. The Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board were applied where no inconsistencies exist.

The *Local Government (Financial Management) Regulations 1996* specify that vested land is a right-of-use asset to be measured at cost, and is considered a zero cost concessionary lease. All right-of-use assets under zero cost concessionary leases are measured at zero cost rather than at fair value, except for vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 which would have required the Shire to measure any vested improvements at zero cost.

Local Government (Financial Management) Regulations 1996, regulation 34 prescribes contents of the financial report. Supplementary information does not form part of the financial report.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the financial report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

PREPARATION TIMING AND REVIEW

Date prepared: All known transactions up to 13 October 2025

Matters of non-compliance with Basis of Preparation

1. Balances as at 30 June 2025 have not been audited and may be subject to change.
2. Depreciation has not been raised during the current financial year.

THE LOCAL GOVERNMENT REPORTING ENTITY

All funds through which the Shire controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

All monies held in the Trust Fund are excluded from the financial statements.

MATERIAL ACCOUNTING POLICIES

Material accounting policies utilised in the preparation of these statements are as described within the 2025-26 Annual Budget. Please refer to the adopted budget document for details of these policies.

Critical accounting estimates and judgements

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

As with all estimates, the use of different assumptions could lead to material changes in the amounts reported in the financial report.

The following are estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year and further information on their nature and impact can be found in the relevant note:

- Fair value measurement of assets carried at reportable value including:
 - Property, plant and equipment
 - Infrastructure
- Impairment losses of non-financial assets
- Expected credit losses on financial assets
- Measurement of employee benefits
- Measurement of provisions

KEY INFORMATION

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks and other short term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Bank overdrafts are reported as short term borrowings in current liabilities in the statement of net current assets.

The local government classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

Financial assets at amortised cost held with registered financial institutions are listed in this note other financial assets at amortised cost are provided in Note 8 - Other assets.

KEY INFORMATION

Initial recognition

An item of property, plant and equipment or infrastructure that qualifies for recognition as an asset is measured at its cost.

Upon initial recognition, cost is determined as the amount paid (or other consideration given) to acquire the assets, plus costs incidental to the acquisition. The cost of non-current assets constructed by the Shire includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads. For assets acquired at zero cost or otherwise significantly less than fair value, cost is determined as fair value at the date of acquisition.

Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with *Local Government (Financial Management) Regulation 17A(5)*. These assets are expensed immediately.

Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a large asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

Individual assets that are land, buildings and infrastructure acquired between scheduled revaluation dates of the asset class in accordance with the Shire's revaluation policy, are recognised at cost and disclosed as being at reportable value.

Measurement after recognition

Plant and equipment including furniture and equipment and right-of-use assets (other than vested improvements) are measured using the cost model as required under *Local Government (Financial Management) Regulation 17A(2)*. Assets held under the cost model are carried at cost less accumulated depreciation and any impairment losses being their reportable value.

Reportable Value

In accordance with *Local Government (Financial Management) Regulation 17A(2)*, the carrying amount of non-financial assets that are land and buildings classified as property, plant and equipment, investment properties, infrastructure or vested improvements that the local government controls.

Reportable value is for the purpose of *Local Government (Financial Management) Regulation 17A(4)* is the fair value of an asset at its last valuation date minus (to the extent applicable) the accumulated depreciation and any accumulated impairment losses in respect of the non-financial asset subsequent to its last valuation date.

Amounts shown above include GST (where applicable)

KEY INFORMATION

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Trade receivables are recognised at original invoice amount less any allowances for uncollectable amounts (i.e. impairment). The carrying amount of net trade receivables is equivalent to fair value as it is due for settlement within 30 days.

Classification and subsequent measurement

Receivables which are generally due for settlement within 30 days except rates receivables which are expected to be collected within 12 months are classified as current assets. All other receivables such as, deferred pensioner rates receivable after the end of the reporting period are classified as non-current assets.

Trade and other receivables are held with the objective to collect the contractual cashflows and therefore the Shire measures them subsequently at amortised cost using the effective interest rate method.

KEY INFORMATION

Trade and other payables represent liabilities for goods and services provided to the Shire prior to the end of the period that are unpaid and arise when the Shire becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition. The carrying amounts of trade and other payables are considered to be the same as their fair values, due to their short-term nature.

KEY INFORMATION

Provisions

Provisions are recognised when the Shire has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

Employee Related Provisions

Short-term employee benefits

Provision is made for the Shire's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the calculation of net current assets.

Other long-term employee benefits

The Shire's obligations for employees' annual leave and long service leave entitlements are recognised as employee related provisions in the statement of financial position.

Long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur. The Shire's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the Shire does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

Contract liabilities

An entity's obligation to transfer goods or services to a customer for which the entity has received consideration (or the amount is due) from the customer.

Capital grant/contribution liabilities

Grants to acquire or construct recognisable non-financial assets to identified specifications be constructed to be controlled by the Shire are recognised as a liability until such time as the Shire satisfies its obligations under the agreement.

10.0 REPORTS

10.4 MANAGER OF COMMUNITY SERVICES

10.4.(A) RETURN OF COMMONWEALTH CONTRACT - SERVICE FUNDS

SUBMISSION TO: Ordinary Council Meeting
Meeting Date: 21st October 2025

AGENDA REFERENCE: 10.4.(A) OCT 25

SUBJECT: Return of Commonwealth Contract - Service Funds

LOCATION/ADDRESS: Tower Street

NAME OF APPLICANT: Shire of Leonora

FILE REFERENCE: 11.14

AUTHOR, DISCLOSURE OF ANY INTEREST AND DATE OF REPORT

NAME: Alex Baxter

OFFICER: Manager Community Services

INTEREST DISCLOSURE: Nil

DATE: 15th October 2025

SUPPORTING DOCUMENTS:

1. Underspend Proposal
2. DSS Invoice

BACKGROUND

The Shire of Leonora received funding in August 2021 from the Commonwealth Government, Department of Social Services (DSS), under a Commonwealth contract to deliver services to former participants of the Cashless Debit Card (CDC) program.

As part of its standard auditing and financial compliance processes, the Shire identified in October 2024 that there had been an underspend of funds from the original CDC contract. In the interests of transparency and compliance, the Shire sought advice from DSS regarding the appropriate course of action in relation to the unspent funds.

DSS advised that the Shire should prepare and submit a proposal outlining how the remaining funds could be expended, with any expenditure to be directly linked to initiatives under either:

- the Shire of Leonora Safer Leonora Plan, or
- the Department's Local Services Plan for the Goldfields region.

In line with this advice, the Shire prepared and submitted a proposal in November 2024. This submission was subsequently followed up on several occasions to confirm whether the Department would approve the allocation of the underspend.

In August 2025, the Shire received formal correspondence from DSS advising that the underspent funds were to be returned to the Commonwealth. The Department's decision was based on the following considerations:

ORDINARY COUNCIL MEETING MINUTES

- Grant Agreement Variation – A variation to the Shire’s existing grant agreement (4-IQOKMIR) to accommodate expenditure of the underspend was assessed as posing a risk, given that the CDC program is scheduled to conclude in June 2026.
- PGPA Act Requirements – In accordance with the *Public Governance, Performance and Accountability Act 2013* (PGPA Act), where an amount owing is identified, it must be recovered by the Commonwealth.
- Commercial Law Advice – The Department’s Commercial Law division provided advice that it is entitled to pursue cost recovery of any unspent funds on the basis that amounts surplus to the requirements of the ‘Activities’ specified in the contract are recoverable (refer Clause C.B.9 of the agreement).

As such, the Department determined that the most appropriate and compliant course of action was for the Shire to return the underspent funds to the Commonwealth.

STAKEHOLDER ENGAGEMENT

Nil

STATUTORY ENVIRONMENT

The issuance and subsequent cancelation of the grant is dealt with under Commonwealth Law and the terms of the agreement.

POLICY IMPLICATIONS

Nil

FINANCIAL IMPLICATIONS

This expenditure qualifies as unbudgeted expenditure, as it involves the return of funds to the Department of Social Services (DSS). Consequently, a budget amendment of \$470,743.47 will be required.

The Shire had not expended any of the funds as final approval from DSS had not been received.

STRATEGIC IMPLICATIONS

Nil

RISK MANAGEMENT

The return of funds to the Department of Social Services (DSS) presents a potential reputational risk to the Shire, particularly in terms of community perception. There may be concerns from residents regarding the loss of funding originally intended to support local programs and initiatives.

ORDINARY COUNCIL MEETING MINUTES

RECOMMENDATIONS

1. That Council approves the return of \$470,743.47 to the Department of Social Services (DSS) as per their formal request, in accordance with the terms and conditions of the original grant agreement.
