Foreword

I am pleased to release the Shire of Leonora #SaferLeonora Plan 2022-2027. The Plan reaffirms the Shire of Leonora’s commitment to addressing issues associated with community safety and crime prevention, in partnership with WA Police Leonora, key stakeholders and the community.

Community safety is rated as the highest area of importance and concern to local residents and business owners within the Shire of Leonora. The Plan is a five year strategic outlook for Leonora Police and the Shire of Leonora that aims to map the issues of primary concern to the community and document strategies and partnerships to alleviate these issues.

The plan aims to provide the Shire of Leonora with an overview of current local community safety issues, draw together information about existing initiatives and services, and coordinate a holistic approach to community safety and crime prevention through an action based strategy, drawing on the capacity of prospective partners and networks in relation to the efficient and effective use of available resources.

The Plan considers the perception of crime as well as the actual crime. A safe community is one where community members are able to pursue the fullest life possible without fear or hinderance of crime, making their feelings of safety as important as their actual level of safety.

The Shire of Leonora is very appreciative of the residents, community groups, business owners and key stakeholders who contributed during the development of the #SaferLeonora Plan. This partnership approach during the plans development lays the foundations which will continue to build during the plans implementation. We are confident that the plan will support everyone to work together, contributing to better outcomes for our community.

Cr Peter Craig
President, Shire of Leonora

Acknowledgement

The Shire of Leonora would like to acknowledge the contribution of the Leonora Police of the WA Police Force in the development of the #SaferLeonora Plan 2022-2027.

This co-design approach in collaboration with the community is key to sustainable change and we appreciate the ongoing support.

Executive Summary

Building a safe and inclusive community through better coordination of stakeholders and community members was a key objective of the #SaferLeonora Plan 2022-2027. Achieving this required the Shire of Leonora to understand the issues at a local level and work with stakeholders to share their experiences, explore possibilities and develop potential solutions that could be applied locally.

The development of the Plan was facilitated using a co-design approach to ensure that it represented the collective community voice and to make certain that resources could be strategically targeted in areas of identified need within the community.

The plan has four priority areas:

Creating Safer Places and Spaces

Creating environments that are safe, attractive, well maintained and used by the community without fear or hinderance of crime.

Supporting Families, Children and Youth

Maximising the resources available targeting barriers that impact on families, children and young people, and decrease the likelihood of offending.

Reducing the Impact of Alcohol and Other Drugs

Engaging and working with the community to implement effective programs that reduce the impact of alcohol and other drugs in Leonora.

Community Action, Connection and Involvement

Strengthening existing and establish new community and stakeholder partnerships that enable collaborative and effective approaches for addressing community safety.

The plan will guide the implementation of actions under the four priority areas and has

been designed to be a flexible and adaptable document to accommodate for the changing needs of the community over the next five years.

What is Community Safety and Crime Prevention?

According to the Australian Institute of Criminology (2012), crime prevention can be defined as 'an effective approach to reducing crime'.

A National Crime Prevention Framework has been introduced by the Australian Institute of Criminology to promote best practice and provide guidance to stakeholders in the development of sustainable policies, strategies and programs that address crime problems.

The Framework is intended to assist in the achievement of the following outcomes:

- A reduction in crime and disorder problems that are of greatest harm and concern to the community;
- Increased community safety, security and cohesion, including a reduction in the actual and perceived risk of victimisation;
- Increased support for people to cope with the impact of victimisation; and
- A reduction in re-offending among those people who have already engaged in criminal or anti-social behaviour.

Models of Crime Prevention

There are four approaches to crime prevention which used in combination ensure that the complex causes of crime are understood and addressed.

These approaches are:

- Developmental (early intervention and reducing the risk factors)
- Social (strengthening communities and helping to develop social capital)
- Situational (reducing the opportunity for crime and increasing the difficulty of offending)
- Criminal Justice (law enforcement)

Government Approach

From a government perspective, responsibility for the safety of our community falls across three tiers:

Federal

Responsibility is assumed by the Federal government for high-level crime, setting policy directions and co-funding many health and community services.

State

The WA State government funds and delivers most services involved in safety including the WA Police Force, Department of Fire and Emergency Services, St Johns Ambulance, Department of Communities, Drug and Alcohol Services as well as setting the regulatory framework such as building standards and the Office of Bush Fire Management.

Local

Local government enforces many of the state regulations and is responsible for the 'peace, order and good government' of their municipal districts. This includes the delivery of, and advocating for, the services that support a safer and inclusive community.

WA Police Force Priority Areas

The WA Police Force identified the following priority areas in their Annual Report 2021:

The key priorities are to:

- Contribute to preventing and combatting family violence
- Disrupt organised crime networks in WA and reduce the supply of illicit drugs with a focus on meth
- Reduce youth offending
- Reduce Aboriginal offending and victimisation
- Enforce traffic laws and support road safety initiatives
- Provide critical incident management, emergency prevention and preparedness

A core value for the WAPOL is to work in partnership with others to enhance the safety and security of the state. The agency collaborates with federal, state and local government agencies, not-for-profit and

community organisations and the private sector to contribute to better outcomes for the Western Australia community.

Why do we need a community safety and crime prevention plan?

While judicial and law enforcement roles are the responsibility of the federal and state government, local government is an active facilitator of collaboration at the local level between federal, state and community organisations on issues of community safety and crime prevention.

The #SaferLeonora Plan 2022-2027 is a tool to support WA Police Force Leonora, the Shire of Leonora, key stakeholders and the community to collaboratively enhance safety and public perceptions of safety, assist in the prevention of crime and coordinate actions to increase actual and perceived safety in the Leonora community.

The Plan identifies priorities in community safety and crime prevention and directs efforts for building partnerships with key stakeholders and the community, enabling a multidisciplinary approach to address safety issues that may impact upon our community.

Evidencing the Need for the Plan

The development of the #SaferLeonora Plan 2022-2027 involved:

- Research into crime statistics for the Shire of Leonora.
- Facilitation of new and consideration of past community consultations.
- Consultation with key stakeholders to seek their considered position on key focus areas.
- Desktop research of interstate and international community safety and crime prevention initiatives.

Reported Crime Statistics

Crime statistics accessed through the WA Police Force ‘Crime Statistics Portal’ provide an overview of categorised crimes occurring in the Leonora Local Government area.

The Shire of Leonora also receives regular crime statistics through an agreement with Western Australian Local Government Association (WALGA) and the WA Police Force. This provides an insight in to emerging issues specific to Leonora with which solutions can be developed in collaboration with the community.

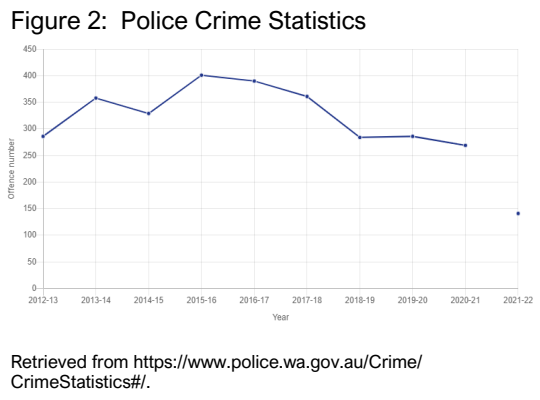

Shire of Leonora crime statistics have been collated in Figure 1 to show total numbers of reported offences per financial year from 2015/2016 to 2020/2021, enabling identification of crime trends in the area.

Figure 1: Reported Offences (Financial Year)

Offence	2015 - 2016	2016 - 2017	2017 - 2018	2018 - 2019	2019 - 2020	2020 - 2021
Assault (family)	72	85	54	61	56	69
Assault (non-family)	40	39	33	29	20	31
Drug Offences	26	26	13	4	12	14
Dwelling Burglary	45	38	76	33	34	21
Property Damage	89	75	65	47	52	51
Threatening Behaviour (family)	3	8	4	2	3	1
Threatening Behaviour (non-family)	9	8	4	5	7	5
Stealing	45	43	47	53	44	31
Breach of Violence Restraint Order	21	32	18	15	16	12
Sexual Offences	1	1	8	3	4	5

While crime statistics are important, not all crime is reported and therefore crime statistical reporting is not an accurate indication of the actual level of crime in the community. Figure 2 shows that the level of crime in Leonora has decreased in more recent years however, the perception of the community is that the level of crime has increased.

A safe community is one where the community members are able to pursue the fullest life possible without fear or hinderance from crime and disorder, making their feelings of safety as important as their actual level of safety. The Shire of Leonora therefore utilises a number of other information sources to guide its efforts and develop a holistic response to community safety and crime prevention.

Community Consultation

An important first step in the development of the #SaferLeonora Plan 2022-2027 was to undertake a consultation process in Leonora.

In March 2022 Leonora Police of the Western Australia Police Force (WAPOL Leonora) and the Shire of Leonora facilitated consultation sessions with the Leonora community and key stakeholders to develop an understanding of the community safety and crime prevention challenges in the community.

A total of 151 people were engaged with a broad representation from the community, and the key priorities for the Plan were identified by participants. The three most prominent community safety concerns identified were alcohol related issues, disengaged young people and antisocial behaviour.

Broad consultations were also undertaken in 2021 for the development of the Shire of Leonora: Plan for the Future. The feedback from the community consultation highlighted community safety as a priority.

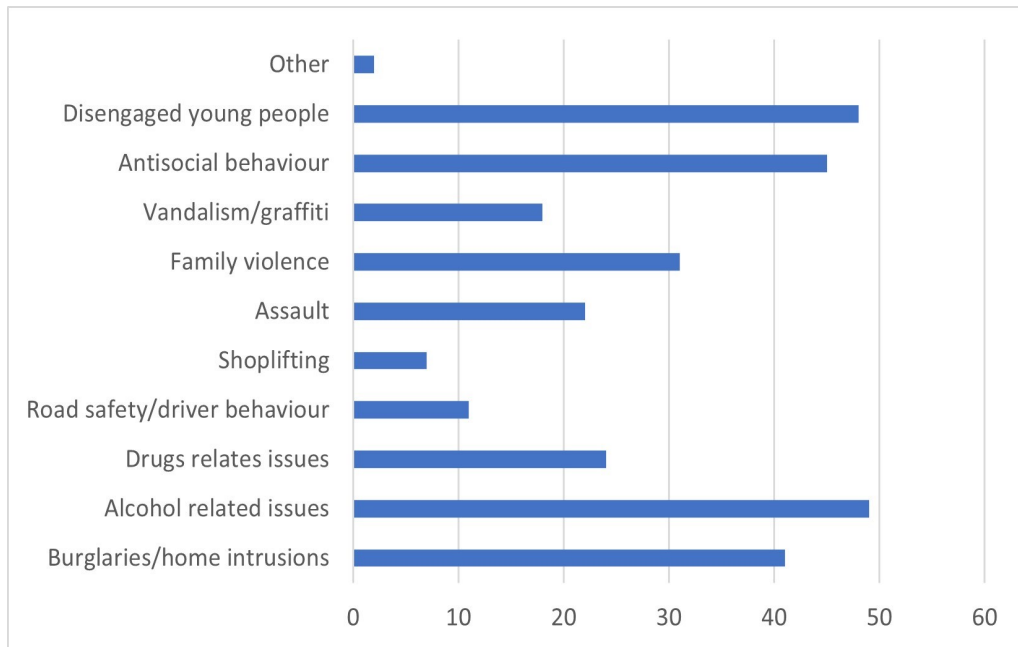

Key Stakeholder Consultation

The stakeholder engagement enabled a better understanding of the community safety and crime prevention issues that were raised by the Leonora community from the perspective of the agencies that individually target some of those issues. It also facilitated constructive, productive relationships of mutual benefit to enable a holistic collective impact.

Desktop Research

Desktop research considered international, federal, state as well as trends and best practice examples in community safety being delivered by other Local Government Authorities. Relevant concepts were translated where possible to reflect the context of community safety and crime prevention in the Shire of Leonora and included as potential strategies within the Plan.

Pride in Culture Motivates Success For Our Young Ones

Cultural identity plays an important role in helping our young ones to define themselves. It is a part of a person’s self-conception and their feeling of ‘belonging’. It is important for our Aboriginal young people to not only continue to have cultural experiences, but to be able to proudly share those experiences with their non-Aboriginal peers.

Keeping Kids in School (when school goes back)

One of the biggest obstacles facing students is the temptation to take a day off school without permission. Our community is working together in a bid to encourage students to gain a better start in life by attending school every day.

The Keeping Kids in School program is a coordinated approach to increase participation in school and reduce truancy involving the entire community working together to address the issue. Under the program local businesses have the right to refuse service to school aged students who are not at school during normal school hours if they do not have a valid leave pass.

Leonora Home Security Self-Assessment

You don't have to be a security expert to keep your house safe from burglars. There are simple things you can do to improve your home security.

To support residents in taking an active role in reducing the opportunity for crime, the #SaferLeonora Committee has developed a Home Security Self-Assessment which can be used to identify security issues in your home. This can be downloaded from the Shire of Leonora website ([linking address](#)).

It is recommended that the completed Home Security Self-Assessment is then taken to your hardware store for advice on cost effective products to assist with securing your home.

Cam-Map

Accurate knowledge of the locations of CCTV systems (both private and business) greatly assists WA Police to investigate incidents and improve community safety.

'Cam-Map WA' is a database operated by the Western Australia Police Force that allows owners of CCTV systems to securely self-register their equipment.

If you have CCTV, we would really appreciate your help! You can make a big difference by taking 2 minutes to follow the link and register your CCTV.
